INDEX-VOLUME 9, OVERSEAS EDITION

JANUARY to DECEMBER 1954

McGRAW-HILL DIGEST

A

Agriculture

General crop fertilizer.....Feb 31
Harvester-thresher design saves grain.....Dec 39
Large-size harvester.....Sept 40
Molybdenum for farms.....July 29
Rainmaker succeeds.....Apr 33

Air Conditioning

Air conditioning helps employees recover.....Nov 45
Home air conditioner.....Apr 43
Packaged air conditioning.....Aug 27
Rented air conditioning.....Dec 36
Room air conditioner.....June 46

Atomic Energy

Atomic battery converts energy directly.....May 33
Atomic locomotive is coming....Apr 49
Atomic power: a preview.....July 11
Atomic power plant to be airborne.....Nov 29
Atomic-power prospects for next 10 years.....Oct 19
Brazil's World's Fair exhibit on atomic energy.....Sept 45
Cut cost of making heavy water.Mar 45
English atomic-power station...Feb 29
Liquid fuel reactor offers cheap power.....Nov 34
More uranium.....Nov 28
Nuclear power plant.....Jan 31
President Eisenhower's atomic pool.....Feb 9
U. S. atomic energy law: atom age born in industry.....Oct 7
U. S. peacetime atomic-energy program.....June 53

Automotive

Airtight tubeless tire.....Dec 39
Automobile industry expanding facilities.....June 7
Automobile industry studies muffler improvements.....Feb 19
Automobile of 1960.....July 22
Battle for auto leadership revolutionizes industry.....July 7
Engine accessibility.....Dec 33
Europe increases drive for auto export.....May 49
For 1954: more horsepower.....Jan 37
Gas turbines.....Dec 32
Higher octanes coming.....Jan 28
New coupe adds versatility....June 47
New gasoline additive.....Mar 34
Power steering by air.....July 17
U. S. auto industry competes for market.....Oct 7
U. S. auto production marked by rivalry.....Feb 7
What's new in 1954 trucks.....Mar 29

Aviation

America's first jet transport nears flight.....Aug 48
Business airplanes.....Apr 33
Concrete cuts aircraft fixture costs.....Feb 26
'Copter moves magnesium hanger.....Dec 33
'Copter noise reduced.....Nov 28
Flight simulator for USAF planes.....Dec 18
Helicopters—useful but not yet perfect.....June 22
Helps land airplanes.....Mar 31
Learn to fly safely and quickly..Feb 21
Mach 2 forecast for French aircraft.....Mar 21
New airplanes.....Nov 19
Newest jet transports—Boeing 707 & Comet 3.....Oct 19
New look for air freight.....Mar 13
Pilotless helicopter.....Sept 31
Pilots analyze Red MiG-15.....Feb 16
Polar "sky compass".....Nov 38
Progress in helicopters.....Sept 35
Steel for aircraft has ultra-high strength.....Jan 25
Structural magnesium in aircraft production.....Apr 19
Turboprop-jet B-47 will fly this summer.....July 26
Unit stops plane spirals.....Mar 38
U. S. Navy VTO to fly soon....July 17

B

Business, Foreign

Africa's industrial color bar.....Apr 15
American-built plant spurs Turkish lignite.....July 21
Australia urges introduction of television.....July 9
Bombay plant to make chloromycetin.....Oct 40
Brazil trade with Eastern Europe.....Jan 7
Brazil's repayment of U. S. loan cut from $13- to $4.2 million monthly.....July 9
Britain gives convertibility big boost.....May 7
Britain's economic recovery heads for new gains.....July 9
Britain to supply diesel locomotives to Ireland.....July 33
British auto exports soaring....Aug 9
British auto producers will break sales records.....Jan 6
British industry back in business with Iran.....Sept 17
Canada buys asbestos mine in Africa.....July 33
Central Africa to expand communications.....Sept 9
Convertibility advocates on both sides of Atlantic.....Mar 7
Convertibility is off for at least two years.....Nov 9
Denmark opens plant in India..Aug 51
Devaluation of Mexican peso...June 9
Does Russia want trade?.....Oct 9
Dollar investment abroad.....Mar 11
Dutch company sells stock successfully in U. S.....Jan 5
East-West trade continues.....Mar 7
East-West trade increases.....Feb 7
East-West trade negotiations are brisk.....Apr 7
European coal, steel community facing cartel.....Apr 49
European payments union continued after June 30.....May 7
Expect to free English pound...June 9
Foreign-export aid is increasing.May 7
Foreign firms start industry in Turkey.....July 33
Fourth European machine tool show at Milan.....Aug 9
France wins oil-pipe contract from Mexico.....Aug 51
French, German, Belgian, Italian capital builds plant in Algeria.Oct 40
French urge subway railway for Cairo.....July 9
From goats to designer to cashmere sweaters.....Aug 24
German firm to build plant in Argentina.....Oct 40
German firm to help build Banihal Tunnel.....Oct 40
Germans form two Brazilian firms.....Sept 17
Germany bids for new markets with trade fair.....June 13
Gold prices reflect business trends.....Feb 49
India and electronics.....Jan 31
India's drive for steel is becoming international.....Nov 9
India to invite global tenders for construction.....Sept 9
Iranian oil flows again.....Oct 13
Italian company opens offices in U. S.....Sept 9
Italian firm builds projects in Australia.....Oct 40
Italy helps build cellulose plant in Mexico.....July 33
Japan bids for East-West trade.June 9
Latin America strives for steel self-sufficiency.....Sept 9
Mexico-Japan to build plant in Mexico.....Sept 17
Mexico orders trains from Germany.....Sept 17
OEEC urges standardization....Aug 53
Philippine five-year plan.....June 15
RCA Victor to build factory in Brazil.....Aug 51
Red oil exports rising.....Aug 9
Saudi Arabia pushing telecommunications plan.....Sept 17
Scotland lures IBM.....Sept 25
South Africa's oil-from-coal plant saves foreign exchange.....July 9
South America triples machine-tool output.....Feb 49
Swedish wire-rolling mill to be used in U. S.....Aug 51
Swiss to lend French railways money for electrification.....Aug 51
Trademark regulations.....May 49
U. S. firm establishes sales subsidiary in Holland.....July 33
U. S. firm licenses Peruvian rubber company.....July 33
U. S. management team inspects West Berlin industry.....Apr 49
U. S. sells Swiss flour-milling equipment.....July 33
U. S. travel abroad hitting new records.....July 7
U. S. travel abroad to break records.....Mar 7
Venezuela sows its oil.....Feb 32
West Germany's export drive forges ahead.....July 9
World economic recovery reaches historic landmark.....Aug 9
World outlook for 1954.....Jan 12

Business, U. S.

Airline credit.....Dec 50
Atom age born in U. S. industry.Oct 7
Automobile industry expanding facilities.....June 7
Automobile industry marked by rivalry.....Feb 7
Battle for automobile-industry leadership revolutionizes industry.....July 7
Businessmen abroad can expect demand in U. S. for their products.....Feb 7
Chemical industry: tariffs.....Feb 15
Chemicals in world trade (American Cyanamid).....Mar 41
Dollar investment abroad.....Mar 11
Foreign bicycle imports jump...Aug 9
Foreign trade outlook remains good.....Apr 7
Gross national product in 1970..Sept 7
Key U. S. business topics.....Aug 13
Long-range business trends in Western Hemisphere.....Aug 7
Measuring recession.....May 25
Milton Eisenhower's report on Latin America.....Jan 7
Renting Machine Tools.....June 7
Shoe leather woven like cloth...Oct 7
Synthetics invade markets of natural products.....July 7
Titanium in research race in U. S., Canada.....Aug 7
U. S. acts to prevent further business declines.....May 7
U. S. auto industry competes for market.....Oct 7
U. S. business exports less pessimistic.....Mar 7
U. S. business outlook for 1954..Jan 9
U. S. business picture.....Apr 7
June 7, July 7, Aug 7, Oct 7
U. S. corporations anticipate favorable earnings.....Jan 5
U. S. free ports will double with St. Lawrence Seaway.....July 7
U. S. imports of consumer lines expanding.....June 7
U. S. industry adopting foreign techniques.....Jan 5
U. S. investments abroad doubled since 1946.....Aug 9
U. S. mining investment moving to South Africa.....Feb 49
U. S. soft coal industry looks for new markets.....Aug 7
U. S. steel plants to operate at high level.....Feb 7
U. S. trademark regulations....May 49
Where the money goes—U. S. personal income.....Mar 31
World-wide communications (International Telephone & Telegraph).....Aug 43
Year ahead will show steady expansion.....Sept 7

C

Ceramics

Ceramic-industry ideas.....Jan 27

Electric glass furnace.....July 22
New uses for ceramics.....Mar 27

Chemical Processing

Ball points up, fountain pens down .....Oct 14
Boom in phosphates.....Sept 26
By-product uranium .....May 42
Chemical-cleaning uses grow...Sept 24
Continuous cellulose process....July 32
Continuous fractional crystallization .....June 26
Dry salt at one-third the fuel cost .....Mar 19
Electrolytic oxidation splits starch .....Jan 35
Epoxidize fats and oils.....Dec 32
Fatty-acid use grows.....Oct 27
Fertilizer from the sea.....May 28
Flare eliminates smoke.....Sept 26
For electrochemicals .....May 33
From peat to chemicals.....Dec 51
Glass-industry's bright future...May 39
How to develop cellulase and hemicellulase .....Aug 21
How to make synthetic ammonia .....July 19
Hydrophilic starches .....Aug 41
India and Germany to build chemical plant .....Nov 19
Integral-pump cyclone .....Jan 38
Ion-exchange operation .....Dec 28
Large-tonnage oxygen for copper smelting .....June 44
Lignin use .....Oct 32
Lignite production booming in Yugoslavia .....Aug 25
Low-temperature cure resin....June 51
Meets peak gas demands.....Aug 27
Model cat cracker.....June 22
More petrochemicals from thermal cracking .....July 27
Nested small-size cyclone elements .....Feb 38
New ammonia process.....Apr 18
New British gas-making process May 9
New chemical process makes methylstyrene .....Feb 26
New column packing.....Jan 32
New fertilizer process.....Oct 42
New in research.....Oct 33
New jobs for cationics .....Dec 47
Oil-black plant opened.....Aug 25
Phenolic foam finds new applications .....Mar 27
Pipe resists corrosion.....Feb 25
Polyethylene plant .....Apr 33
Rubber-lined cyclones .....Dec 39
Shaves last longer.....Aug 27
Silicone in cosmetics.....Apr 33
Smelter yields sulfur.....Sept 32
Sulfur from coal.....Mar 31
Sulfur process .....Nov 29
Synthesis-gas process commercialized .....May 18
Three-process plant .....Oct 46
Titanium-silver valve .....July 26
Uranium-thorium plant completed in India .....Aug 25
Waste to chlorophyll.....Feb 29
Wood challenges corn.....Apr 36

Chemicals

Chemical developments .....Dec 23
Chemical news abroad.....Jan 18
Chemical progress .....July 28
General crop fertilizer.....Feb 31
Guest-proof hotels .....Feb 27
Hydrazine: new aid to water treatment .....Jan 22
Molybdenum for farms.....July 29
Petrochemicals postwar .....Jan 29
Synthetic amyl alcohol.....Feb 31
Zirconium chemicals .....June 33

Coatings & Finishes

Acrylic paints offered by mail-order house .....Apr 19
Bright nickel plating.....Jan 22
Cermets flame-sprayed onto jet-engine parts .....Nov 19
C-oil, petrochemical for coatings .....Sept 17
Cold aluminizer .....Apr 33
Copolymer for coatings.....Jan 38
Electrostatic detearings improves dip coatings .....May 25
Fire-retardant coating .....Jan 34
Floor-polish trends .....Mar 18
Low-cost insulation .....May 32
Low-cost steel coating.....Aug 37
New baking enamels.....Jan 33
New paints introduced.....May 36
New surfacing material.....Sept 30
Pigmented metallic coating.....Feb 31

Communications

Card-data phoned .....June 35
Facsimile networks find many new uses .....Jan 26
High-speed facsimile .....Jan 32
Microwave telephone .....Dec 38
Standard telephone turret.....July 29
Two-way radio .....Sept 31

Construction

Aluminum panels speed building enclosure .....Sept 34
Aluminum pipe insulation.....June 47
Aluminum roofing .....Aug 41
Assembly line erects factory quickly .....Mar 28
Backfilling by saturation and vibration .....Mar 17
Brazil to triple power output in 10 years .....Aug 32
Build superhighway over railroad .....Jan 19
Component construction techniques .....Sept 17
Concrete piling halves pump-foundation costs .....Dec 23
Concrete saves pipe.....Feb 29
Construction activity booms in Latin America .....May 49
Construction trends for 1954 ...May 49
Convention hall covers 500,000-sq. ft. floor .....Feb 36
Corrugated steel forms save foundation size .....Sept 22
Corrugated steel in mine.....Feb 25
Cuts mason labor.....Nov 29
Eight ways to reduce construction costs .....Oct 40
Fork truck sets trusses.....June 40
From jungle to world port.....June 44
Fuse cuts concrete pipe.....Nov 16
German concrete poles substituted for wood .....Mar 17
Gypsum saves materials.....Sept 31
High-level truck crane.....June 35
House framework built of welded sections .....Oct 26
How to cut masonry costs.....July 19
Ice-filled drill .....July 29
Jeep-powered equipment does many jobs cheaply.....Apr 19
Jumbo Mounts 14 Drills.....Dec 44
Lays big pipeline fast.....Oct 25
Longer-lasting homes .....June 35
Lower-cost canal linings.....Jan 21
Masonry cavity walls 19 stories high .....Apr 36
Members precast on floor.....June 30
New industrial uses for wrought iron .....May 30
New insulating glass.....Apr 16
New method of replacing water pipes .....June 9
"Packaged" aluminum igloo....May 30
Pakistan to construct gas pipeline .....Aug 32
Peru completes irrigation system .....Aug 32
Porcelain-enameled steel panels Feb 49
Plastic vapor barrier has unusual features .....Dec 18
Platform mounts radar at sea for U. S. defense.....Nov 19
Process halves sludge.....June 23
Pyramids protect bank.....Aug 51
Rock slab anchored to canyon wall .....Apr 30
Rubber-tar strip .....Feb 30
Six-acre trainshed roof raised 1 ft. by sleeves.....Nov 31
Sound-absorbing units .....June 46
Steel frame pipes hot air.....Jan 19
Strapping secures forms.....Nov 24
Stop sign for excavators.....Mar 3
Vermiculite: its uses grow.....Dec 24
Water stresses wall of unfinished reservoir .....July 23
Wire fabric reinforces asphalt on pavements .....Mar 21

Construction Equipment

Box-bucket shovel raises paver output 10% .....Feb 29
Chipping machine cuts concrete removal time .....Feb 16
Compactor for macadam construction .....Jan 39
Company offers new land-clearing line .....Jan 39
Crawler tractor improved.....May 45
Device prestresses beams.....May 43
Digging circles .....Oct 33
Fast trench digging.....Nov 41
Hammer pulls sheetpiles.....July 21
Hauls big payload.....July 35
Heavy-duty air hose.....Jan 39
Heavy-duty trencher .....Oct 51
How to beat the cold weather...Jan 17
Machines change earth's face...Sept 13
New lightweight pump controls muddy seepage .....Aug 40
New tractor-shovel in six models .....Mar 36
Packaged screed lets contractors build their own.....May 45
Portable sand washing and screening plant .....Aug 39
Powder-actuated tool .....June 49
Simplified dragline control.....June 19
Utility air compressor.....Oct 48
Wagon drill .....May 47

Conventions & Fairs

Canadian International Trade Fair .....Apr 49
European machine-tool exhibit..Mar 45
European show unveils machine-tool trends .....Jan 35
Toronto fair spurs trade.....Aug 49

E

Electricity & Power

Aerial line stringer.....Dec 49
Atomic-power prospects for next 10 years .....Oct 19
Automatic sectionalizer .....Feb 39
Butyl-molded transformer .....Sept 38
Electric water heater gets lake-bottom job .....Nov 28
Experimental condensers .....May 19
For cheaper steam power.....Dec 21
Gas-insulated transformers .....Dec 32
Gas turbine top-rated after 30,000-hr. run .....Nov 20
Giant tunnels feed power station .....Jan 25
Greece and France to build hydroelectric plant .....Nov 19
Hook-on volt ammeter.....Aug 38
How to align bearings with telescope .....July 19
How to burn bagasse efficiently.Aug 21
Hydrazine: new aid to water treatment .....Jan 22
Infared lamp .....July 35
Insulation resin can be used for days .....July 17
Liquid-fuel reactor offers cheap power .....Nov 34
Mechanical rectifier unit.....Apr 43
Mobile power plant supplies emergency service .....Dec 38
New ignitron developments.....Feb 34
New inductor excitation system.Aug 38
Nuclear power plant.....Jan 31
Outdoor power plants.....Apr 28
Power-distribution trends .....Aug 22
Pumped-storage plant .....Mar 27
Reducing vault costs.....May 31
Safer power transformers.....Nov 29
Sea water for power plant.....Nov 28
Six ways to boost power systems .....Nov 26
Steam boost for gas turbines...Nov 29
Steam or diesel?.....Sept 22
Swiss firm builds world's largest pumps .....Oct 40
Three largest transformers from Austria .....Nov 19
Upside-down dam .....Dec 32
Utility operating tips.....Feb 31
Versatile power: 5 examples....July 43
World's largest oil-burning diesel plant .....Apr 25

Electronics

Automatic assembler .....Dec 33
Automatic offices? .....June 35
Color motion pictures now on tape .....Mar 27
Controls mold filling.....Mar 30
Crucible heat control.....Apr 31
Electronic duplicators control roll lathe .....Apr 19
Electronic noise absorber.....June 35
Electronic nose .....Jan 31
Filter capacitors .....June 46
Four-track movie film for stereo sound .....Jan 29
High-strength tape .....Mar 39
Home-movie sound .....Oct 32
Industrial computer .....Mar 26
In electronics, opportunity calls.July 13
It's new for tin plate.....Jan 41
Magnetic memory .....Apr 31
Microwave expansion .....Dec 26
New British industrial control mechanisms .....July 27
New electronic tubes feature stack design .....Sept 27
New power transistor.....Feb 27
New silicon rectifier.....Oct 46
New solar power device.....Oct 19
New-type transistor .....Mar 17
Photo clarifier .....Aug 27
Photo typesetter uses electronic flash lamp .....Sept 31
Portable tape recorder.....Aug 41
Put electronics to work.....June 21
Radio controls traffic lights.... Dec 33
Solar cell converts sunlight into power .....July 17
Special pliers speed electronic assembly .....Feb 19
To build 2,000-mi. long trans-Atlantic phone cable.....Oct 47
Transistor mass-produced .....Nov 29
Transistor use widens to variety of products .....July 31

TV set uses Tinkertoy construction ....May 29
Two new small electrostatic air cleaners ....Oct 46

Engines

Diesel engines ....June 51
Diesel fuel system cuts overhaul costs ....Oct 48
Engine testing ....Aug 27
High-power engines ....June 49
New engines added to line....Apr 43
Power-packed diesel ....Feb 38
Small diesel ....Oct 33
Tractor glow plug....Nov 44
Turbosupercharging large diesels ....May 33
Unusual turbocharger has monorotor design ....July 41
V-8 industrial engine....Feb 40

F

Fire Prevention

Cold-weather warning ....Feb 29
Fire-retardant coating ....Jan 34
Fire-retardant roof ....Mar 45
Portable fire pump....Nov 40
"Pull-it" fire extinguisher....Sept 38
Reduces fire danger....Feb 39
Your war against fire....Sept 20

Food Processing

About food coatings....Jan 35
Antibiotic ice ....Feb 29
Better milk powder....May 38
Cheaper meat retorting....Dec 32
Device tells quantity of un-millable material in wheat....Oct 47
Improving food quality....May 42
Juice loses no flavor....Mar 17
New enzyme tablets....June 32
Powdered apple juice....Oct 32
Sorting improves coffee....Feb 19
Special processes for Danish canned hams ....Feb 18
Split-degree tempering ....Jan 36
Spreadable margarine ....June 26
Stripcoating for cheese....May 38
Vacuum packing cuts lettuce handling costs ....May 41

Food Processing Equipment

Automated beverage plant....Nov 25
Dairy equipment cleaner....Nov 44
Electronic egg handler....Nov 29
Faster cooking ....Mar 31
Hi-vac unit speed-dries heat-sensitive liquids ....Apr 18
Increase filling-line capacity....Mar 19
Separates, destroys insects....Jan 43
Transparent belt improves color sorter ....Jan 19

Foreign Policy, U. S.

Antidumping laws ....Feb 9
Caracas—Tenth Inter-American Conference ....May 9
East-West trade increases....Feb 7
Export-Import Bank's lending policy to be relaxed....Apr 9
Farm surplus to foreign aid....Apr 13
Foreign aid ....Feb 9
Justice-State Departments differ on anti-trust policy....Jan 7
Milton Eisenhower's report on Latin America ....Jan 7
New stockpile policy....June 22
New U. S. technical-aid policy..Feb 13
Pres. Eisenhower raises watch tariffs ....Sept 9
Pres. Eisenhower's atomic pool..Feb 9
Randall Commission recommendations meeting opposition....Apr 9
Randall Commission report....Mar 9
Trade liberalization keystone of U. S. foreign economic policies.Oct 9
U. S. drafting economic-aid program for Latin America....Oct 9
U. S. export controls easing....June 9
U. S. funds may strengthen European Payments Union....Apr 9
U. S. hopes to sell farm surplus abroad ....Aug 9
U. S. tariffs to remain constant for eighteen months....July 9
U. S. to strengthen Middle East.Sept 9
Washington follows liberal foreign economic policy (Randall Commission) ....May 9
Washington may stabilize some key commodity markets....Apr 9

H

Health

Better employee relations....Sept 11
Growing old ....May 33
How is your health today?....Aug 53
Industrial health programs....May 49
Vitamin-enriched rice helps improve health ....May 40

I

Instrumentation

Atmosphere tester ....July 38
Computers promise new applications ....Oct 31
Controls level ....Mar 39
Detector locates noise....Mar 36
Electronic pulse checker....Oct 33
Flow integrator ....July 35
Inspection is automatic....Jan 19
Instruments can cut fuel bills...Oct 30
Level control for bins....Apr 47
Optical gaging ....Feb 38
Plan for putting industrial process under automatic control...Oct 53
Portable testers ....Jan 40
Projection inspection ....Feb 29

L

Lighting

Custom lighting sparks sales...Feb 16
Glare-free lamp ....Aug 37
Higher voltage lighting for stores ....Feb 26
Largest lighting unit....Apr 19
Modern executive-office lighting.Apr 16

M

Maintenance

Blow-vacuum electrical equipment ....Apr 21
Chemical cleaning uses grow...Sept 24
Chrome-plate salvage saves complex castings ....Nov 21
Cuts lubrication costs....Jan 21
Dirty coolant sumps cause worker dermatitis ....Oct 27
Floor paint improves housekeeping ....Mar 31
Gear failures caused by various factors ....Feb 18
How to percussion-clean boiler tubes ....Oct 21
Magnetic "broom" protects jet engines ....July 23
Mechanized sweeping ....Jan 39
Metal cleaners remove glaze from cylinders ....Sept 17
Method saves machinery....June 39
New oil additive inhibits engine rust ....Jan 35
Repairs drum leaks....Dec 33
Sets saw teeth....Jan 40
Spray chrome-base refractory..May 21
Traveling lube rig built to your needs ....Oct 34
Twelve ways to lengthen heat-exchanger life ....Nov 24

Management Methods

A job enlargement program....Apr 34
Bagging can cost plenty....Aug 23
Bank attracts new accounts....Aug 53
Barometer blues ....Oct 32
Better employee relations....Sept 11
Bonus plan controls absenteeism ....June 44
Cafeteria trains serve 250 meals per minute ....May 30
Company streamlines with standard operations manual....Apr 49
Cost factor important in automation equipment ....July 39
Cut waste with cost-board....May 21
Employee benefits at G. Fischer Works, Switzerland ....May 49
Employee motivation ....Oct 33
Excessive absenteeism problem solved ....Jan 45
Foremen into managers....May 29
Get better supervision in your plant ....Apr 21
Good incentive plan includes everyone ....Sept 23
H-bomb makes plant dispersal necessary ....July 39
Helps cut accident rate....Oct 19
High-speed machining raises personnel problems ....June 53
How about your salesmen?....July 39
How to cut factory cost....May 19
How to end workers' eye strain.Nov 17
Improve morale ....Aug 53
Industrial casters ....Nov 44
Industrial health programs....May 49
Junior achievement companies..Mar 45
Keeps progress record....Jan 28
Locating industry ....June 53
Make welding safer....Dec 26
Management representative handles employee problems....Sept 45
Mill training program....June 32
Mobile banking in Mexico City..Oct 53
Mutual-hiring program helps small companies ....May 31
New free checking-account systems for employees....July 39
New products build business....May 15
Nine tested ways to lose employees' respect ....Oct 53
Noise: industry's problem....Feb 44
No lost-time accidents in 2 years ....Sept 45
Novel inventory method....June 36
Obtain engineers with "scholarships" ....Jan 45
Operators into good foremen...June 37
Opinion poll aids....Jan 44
Photos speed reassembly....Mar 21
Plant sells surplus materials to public ....Aug 53
Plant's union appointed wholesale outlet ....Nov 45
Product show ....Feb 39
Profit-sharing plans ....Jan 45
Program cuts rejects 77%....Dec 16
Pumps waste to ground....July 33
Raise worker outputs....Mar 45
Realism in job relations....Mar 26
Reduce drafting costs....Mar 45
Renting machine tools....June 7
Repeated near accidents....June 53
Save time, money—7 ways....Nov 19
Scotland lures IBM....Sept 25
Selling the American market...May 13
Signs speed inspection....Oct 33
Sometimes "most management" is not the best management....Nov 45
Steps to management failure...May 49
System records time spent on jobs ....July 39
Talent in your plant....Jan 32
Talent pools ....Jan 45
The "split dollar" policy for insurance ....Oct 53
Training results in keeping scrap loss low ....Nov 45
Unique sales scheme sells appliances ....Sept 45
Use of facsimile reproduction...June 53
U. S. industrial worker gains...Feb 49
Visible proof of waste and errors ....Jan 45
Wage incentives cut production time ....Aug 53
What makes a committee work?.May 49
What makes a small company succeed? ....Jan 45
What makes suggestion plans work? ....Oct 53
What the boss wants to know..Nov 14
What to do when you reduce costs ....Nov 20
Window display aids bank....Nov 45
Would you buy a competitor's product? ....Oct 53

Marketing

Custom lighting sparks sales...Feb 16
From goats to designer to cashmere sweaters ....Aug 24
Getting your product to sell....Nov 11
Grease master ....Dec 33
How to boost ammonia-fertilizer sales ....Oct 21
How to sell hardware....Jan 17
Locating industry ....June 53
New products build business....May 15
Protect your product....Feb 49
Sales create jobs....Mar 30
Selling the American market...May 13
"Sellavox"—battery-powered record player ....Aug 27

Materials Handling

Air conveys hot dust with little loss of heat....Sept 30
"Airslide" flour trailer....Oct 33
Apron conveyors ....Mar 39
Apron feeders ....June 51
Are you overlooking platform trucks? ....Jan 24
Automatic crate lifter....Jan 38
Automatic power scoop unloads box cars ....Aug 39
Belt conveyor carrier....Oct 52
Belt-conveyor idler ....Dec 42
Belt raises coal output....Nov 19
Belt transports coal....May 31
Centralized conveyor control....Nov 22
Conveyor belt cleaner....Dec 41
Conveyor resonance....Oct 40
Conveyors save power....Apr 42
Conveyor switch ....May 46
Device stabilizes load ....Dec 41
Drag chains for troughs....Feb 39
Electric hoists equipped with special a-c. motors....Nov 41
Electric "Totemaster" ....Oct 52
Electronic ore weigher....Dec 44
Electronic tractors ....Dec 23
Faster handling ....May 33
Fast handling in chemical plant ....June 43
How to make rubber conveyor shed or retain water....Jan 17

Hydraulic truck dumper....Sept 38
Induction brazing belt....Aug 51
Lift truck-trailer....Nov 41
Long-life conveyor....Aug 19
Low-cost hoist....Jan 39
Lower loads....Feb 43
Magnetic conveyor....July 37
Measures fork-truck use....June 19
Modernizing handling in multi-story plant....Aug 22
More operator safety....Sept 39
Moving TV sets by automatic machine....May 24
New chain hoist handles 25 tons Sept 39
New crane truck....Oct 50
New gripper arms for fork trucks Jan 28
New pallets cut costs....Sept 34
Pallet, drum, box handier....May 45
Paper-sling pallet....Dec 18
Picks big cartons....Nov 31
Pint-size economy tractor....Mar 37
Push-button load system handles six sizes of coal....Apr 16
Replaces elevator....Oct 38
Safe electric fork truck....June 48
Shuttling belts prevent jam on can line....Apr 36
Small vibrating conveyor....July 38
Special-design racks slash handling time....Aug 23
Special truck hauls steel ingots Feb 19
Stacks loads lengthwise....May 46
Straddle truck handles seven pallet loads....Nov 16
Swinging clamp device for narrow aisles....Apr 43
System cuts handling 80%....Apr 27
Transfer plating conveyor....July 34
Truck for restricted space....Aug 40
Vibratory parts feeders....Oct 52
Wheel-conveyor tires....Aug 41
Wire insert protects belt....Sept 39

Mechanical Design

Constant-force spring....Nov 29
Electromagnetic clutch eliminates linings....Aug 25
Film study aids design....Oct 38
Fit the machine to the man....Jan 42
Glass-fibre cushioning....May 29
High-vacuum valve....Nov 28
Hourglass axle bearings....Mar 23
Large speed reducers....Nov 43
Memory device for gaging....Nov 40
New magnetic substance....Mar 31
New thread compound....Sept 32
Precision switch....Nov 44
Silicone rubber....July 17
Smart product design cuts production costs....Sept 20
Versatile universal testing machine....Apr 42
Zone-hardened bearing....Mar 38

Metals

Aluminum-alloy system....Nov 21
Better magnesium alloy....Apr 33
Better plating anodes....Dec 22
Brewing alloys in a vacuum....Oct 44
"Cathodic protection" may save maintenance costs....Aug. 50
New electrolyte process may cut titanium cost....Nov 35
New process recovers beryllium, other metals....Sept 26
Refines copper and zinc....Mar 23
Stainless substitute....May 31
Steel for aircraft has ultra-high strength....Jan 25
Steel tests....Dec 33
Structural magnesium in aircraft production....Apr 19
Titanium briefs....Dec 49
Titanium carbide....Oct 32
Titanium in research race in U. S., Canada....Aug 7
Titanium prices lowered....July 39
Ultra-thin bronze....Apr 46
U. S. Air Force announces titanium alloy....Sept 17

Metalworking

Air aids in strip mill....Mar 28
Assembly-line comparator....Jan 40
Blast-air moisture....Sept 31
Bolt preloading....Oct 32
Brazing stainless steel....Feb 29
Cast refractories lower furnace cost....Jan 28
Chain flame-cutting....Feb 23
Chemical mills metal....Sept 31
Coolant bacteria killed by Hyla process....July 41
Cutting oily steel plates....July 29
Drip-feed process carburizes steel Dec 23
Dry-hydrogen brazing....Oct 35
Ductile-iron dies....Mar 31
Ductile-iron repair....July 45
Electric steel furnace....Aug 27
Electrolytic grinding of carbides Jan 31
Faster heat treating....May 28
Film controls riveting....Oct 33
Fit a 12½-in tube into a 12-in. shroud....Feb 21
Floturn shapes sheet metal....June 24
Foam cooling lengthens tool life June 35
Forms aluminum pipe....Mar 20
Foundry coke....Oct 53
Free-machining tool steel....Sept 31
Gage wear tolerance....Jan 31
Gear costs cut....Feb 29
"Hears" metal removal....Jan 34
High-speed photography pinpoints trouble....Aug 27
How to automate cylinder-block handling....Sept 19
How to forge another automation link....Aug 21
How to gun-drill to high accuracies....Nov 17
Infrared dries molds....July 29
It's new for tin plate....Jan 41
Jet cooling triples grinding speed Apr 18
Lead-tin coated steel....July 27
Method saves diamonds....Sept 44
Metalworking abroad....Apr 24
Milling cutters welded....Nov 35
Miniature bearings....June 35
More shell molding....Feb 29
New casting technique....Apr 36
New device sorts metals....May 40
New tooling ideas....July 26
Nickel substitution....May 33
Piston rings made of powdered metal....July 41
Plaster-cast aluminum....Nov 36
Plastic-mass tooling....Oct 47
Production ideas for your plant Sept 28
Programming promises batch-lot automation....May 19
Raise deburring speed 300%....June 21
Riveting aluminum....Aug 27
Russian forging....Nov 28
Shell molding....Oct 32
Shell-molding foundry....Apr 40
Spring winding machine....Apr 42
Steel hot-extruded for short-run output....Aug 19
Trends in machine-tool design....Apr 26
Ultrasonic fluxless soldering....Nov 30
You can cut foundry costs....July 30
What arc-machining can do....May 37

Metalworking Equipment

Angle drilling jig....June 37
Arc-weld irregular contours....Apr 21
Automatic solderer....Sept 20
Bor-Drill machines holes with gun-type drills....Sept 39
Boring mill features unit construction....Jan 18
Buggies "stretch" large planer capacity....Oct 39
Carbide hollow-ground....Apr 25
Cost cutter—friction sawing....June 35
Electronic duplicators control roll lathe....Apr 19
Fast strip-feed press....May 45
Floating torch....Mar 39
General-purpose hone....Oct 49
German machine tools....Dec 32
Giant spar-and-skin mill....Sept 31
Heavy-duty turret lathe....July 35
Helical carbide cutters....Dec 49
High-speed welding press....Sept 40
Large lathe can spin shapes to 72-in. depth....Oct 32
Loads broaching machine....Feb 42
Machine eliminates cutter handling....Feb 39
Magnetic agitator separator....Nov 44
Modern machine-tool trends....Dec 13
New smelting furnaces....May 31
Portable hardness tester....Nov 41
Powdered-metal press....Feb 39
Precision boring machine....Oct 48
Preselection controls boring-mill settings....July 17
Punches holes from paper patterns....June 18
Red ring machine precision-shaves internal spur and helical gears....May 44
Roll-table gearmotor....Mar 37
Semiautomatic angular grinder....Sept 38
Shaves spur, helical gears....Aug 39
Shear cuts 1½-in. steel....Oct 49
Single-pass lapping....Dec 40
Small-parts hardener....Apr 47
Spray lubricates tool....June 48
Straightening press....Nov 43
Swiveling-head grinder....July 36
Twin-head gear generator....May 45
Two-way boring machine....Apr 46
Versatile band saws....June 47
World's largest horizontal forging machine....July 41

Mining

Aluminum mine cars modernize coal mine....May 28
Cost-cutting at the face....Jan 23
Cuts lubrication costs....Jan 21
Deep-mine loader....Dec 26
Mining problems today....June 42
Mines 7 tons per minute....June 47
Modernized mine in Greece....Mar 16
New coal hauler....Feb 43
Plywood saves time....July 31
Rotary drill cuts costs of removing rock rolls....Jan 26
Solves water problem in deep shaft....Jan 19

Motors

Fractional horsepower motors....May 46
New polyphase a-c. motors....Jan 38
Powerful pump motors....Jan 40
Unit-cooled d-c. motors....June 47

O

Office Equipment

Adds, subtracts fractions....July 38
Automatic offices?....June 35
Automatic whiteprinter....Oct 51
"Brain" helps business....Feb 30
Carbonless copying....Apr 33
Card file saves steps....Mar 38
Eight ways tell how to save office equipment....Dec 22
Interoffice telephone system....Feb 43
Low-cost office computer....May 45
Machines cut costs....Aug 33
Magnetic memory....Apr 31
Mechanizes posting....Dec 38
Microfilms office data....Aug 40
Office copying machine....May 44
Office duplicating . . . which process for you?....Oct 38
Type three forms at the same time....May 21

P

Packaging

Aerosols go industrial....Feb 22
Branded industrial wraps....June 35
Fills aerosol cans....July 38
Good package design catches shopper's eye....Nov 16
Good product labeling can avoid improper use....Sept 44
Large-package tear tapes....May 47
How to simplify case opening....Sept 19
New packaging films....Jan 22
One-use milk cartons....Apr 30
Packaging guide for 1954....Apr 22
Plastic squeeze bottles....June 19
Protect your product....Feb 49
Saran film: its properties....July 20
Silicone-coated bottles....Oct 19
Tin-free cans....Nov 28
Tubed sugar service....July 21
VPI protects shafts....Jan 31
Waxed papers developed for various needs....July 33

Petroleum

All-weather oils....Mar 31
Better oil recovery....Jan 36
Cat cracker improved....Feb 23
Cat reforming boom will triple capacity....Apr 24
Deep well blasting....Nov 44
Fuel-oil additives reduce ash deposits....June 26
Heavy fuel for diesels....Oct 32
Higher gasoline yield....June 32
Higher octanes coming....Jan 28
How to store oil in quarry....Nov 17
Iranian oil flows again....Oct 13
London to benefit from seaborn liquified natural gas....Nov 9
Makes high-Btu. fuel gas....Feb 18
More ethylene....Oct 32
New fracturing idea....May 41
New gasoline additive....Mar 34
New oil additive inhibits engine rust....Jan 35
New unifining process....Aug 48
New wildcat technique....Apr 18
Oil-exploration tools....June 44
Oil-field automation....May 32
Petrochemicals postwar....Jan 29
Refinery-waste disposal....Jan 31
Reforming process uses cyclic regeneration....Mar 22
System saves waste heat....June 19
Too many misses in exploration Jan 31
Underground jet fuel storage....Jan 31

Plant Equipment, Layout, Design

Acetylene compressors....June 35
Automated engine assembly....Mar 35
Automatic iron foundry....Dec 31
Ball valve....Oct 52
Clean exhaust....Mar 39

Continuous centrifugal .....Jan 40
Coupling for grooved pipe.....Mar 37
Drains corrosive liquids.....Apr 47
Electro-chemical marker.....Sept 39
Extracts oil and water.....May 45
Fast-connection valve.....Apr 44
Float-type moisture trap.....Dec 42
Flooring provides non-slip, non-crumbling surface .....July 17
Floor stops skidding.....May 47
Guards permanent magnets....May 46
How to check liquid level.....Dec 19
How to cut paint-drying time....Dec 19
How to locate electrical grounds Dec 19
How to test for leaks at low cost Oct 21
Industrial scale line.....Dec 39
Loads furnaces .....Nov 28
Low-cost safety glass .....Apr 31
Magnetic "fanner" .....Sept 41
Models help plan plant and processes .....Dec 47
Modern space planning saves space .....Sept 45
New belt drive provides more power .....July 34
New drafting tape.....Oct 52
New foundry emphasizes handling, cleanliness .....Sept 23
New ideas for better plants.....Aug 30
New steam-heated pipe.....June 23
Photoelectric control system....Apr 38
Planning a new plant.....Sept 45
Portable thulium X-ray.....July 20
Remote recorder checks screw-machine downtime .....Oct 42
Removes snow .....Feb 40
Selecting a plant floor.....July 24
Shaft-mounted drive .....Oct 49
Six devices proportion liquids automatically .....Nov 39
Special plant conditions demand 100 ft. candles.....Dec 36
Storage-platform system .....Nov 42
System cuts handling 80%.....Apr 27
Typical case studies in electric heating .....May 43
Versatile electric ceilings.....Oct 36
V-type air compressors.....Apr 42
X-rays odd-shaped parts.....Aug 22

Plastics
Extruded glass-plastics .....Feb 24
Foamed polyethylene .....Mar 31
Geon boxes stamped.....Nov 20
Glass-roving cutter .....May 46
Helps drill plastic.....May 33
High-pressure containers.....Aug 51
High-volume glass-plastics ....Oct 22
How to bond metals with epoxy resins .....Sept 19
Hydraulic press .....Apr 46
Injection molding machine-automatic or semiautomatic.....Nov 40
Molded silicone rubber makes largest gasket .....Nov 38
New plastic rope.....June 26
Nylon for outdoors.....Dec 32
Plastic-mass tooling .....Oct 47
Plastics: International boom....Aug 15
Plastics is a growth industry...Apr 49
Plastics molding machine.....Sept 41
Plastics pipe: new goals.....May 34
Plastic squeeze bottles.....June 19
Plastics-testing machine .....Dec 38
Polyethylene tubes of Swiss extrusion process .....Sept 17
Polystyrene foam .....May 47
Reinforced plastics in continuous lengths .....May 38
Reinforced plastic tanks made with epoxy resins .....Nov 27
Ropes from plastics.....May 33
Rubber drain pipe.....Oct 33
Sand-core dryers .....Oct 32
Signs of the times.....Mar 31
Suction preforms plastic.....Jan 26
Vacuum metallizer .....Feb 43
Vinyl-metal sheet .....Feb 29
Wet-blasting machine .....June 51
Woven glass roving.....May 24

Printing
Coming: typeless printing.....Feb 24
Radiant heat aids printing.....Aug 27

Pulp and Paper
Outlook for lignin—new chemical source .....Dec 49
Paper coating pigments to fill exacting job .....Jan 18
Paper for Burma.....Apr 33
Paper-mill productivity.....Sept 36
Paper: most wanted commodity..Oct 15
Silicone-treated papers .....July 29
Stock-chest agitator .....Jan 40
Sulfite pulp .....July 29
Sulfite pulping .....Jan 31
Wood as a raw material.....Apr 25

Pumps
Air-operated pump .....July 37
Lightweight pump controls muddy seepage .....Aug 40
New magnetic-drive pump.....June 46
Powerful pump motors.....Jan 40
Proportioning pump .....July 34

Q

Quality Control
Gage checks seven points.....Aug 39
New tool for automatic tests....Nov 32
Quality-control plan shows performance .....Aug 32
Reduced inspection improves part quality .....Mar 21
Tape recorder instructs tester how .....Nov 39

R

Radioactivity
Another radioactivity use.....Dec 32
Radioisotopes in industry.....Jan 45
Radioisotope techniques .....Dec 26
Tagging steel melts.....Apr 28

Research
Chlorophyll research .....Oct 33
Experimental condensers .....May 19
Faster leather tanning.....June 53
Glass industry's bright future..May 39
Mechanical translation now in sight .....Apr 49
Solar furnace gives 8500° F. temperature .....July 29
Transition engineering develops new products .....May 19
Versatile universal testing machine .....Apr 42
Why research?.....Mar 44

S

Safety
Adjustable traffic signal.....Oct 50
Automobile safety tests.....July 29
Bettering plant safety record...Apr 49
Chemical-cartridge respirator ...Dec 42
Eye-safety service .....May 20
For safer rubber gloves.....Feb 19
Helps cut accident rate.....Oct 19
Hinged-bridge goggles .....Aug 41
Low-cost safety glass.....Apr 31
No lost-time accident in two years .....Sept 45
Repeated near accidents.....June 53
Safety trouble lamp.....Mar 37
Stop plant accidents.....June 21

T

Television
Bright outlook for industrial TV Jan 22
Industrial television's possibilities Sept 45
Intercom television makes U. S. debut .....Dec 32
TV set uses Tinkertoy construction .....May 29
TV store detective.....Aug 27

Textile Equipment
Carding units use sliver for knit pile .....Mar 38
Cleans stop motions.....Apr 33
Detects metal in textiles.....June 47
Double-shuttle looms .....June 31
Electronic mule .....Feb 25
Exact color matching.....Apr 36
Gives direct yarn readings.....Apr 47
Hosiery machine for high production .....Jan 18
New continuous roll feed.....Apr 44
Simulates north-sky light.....Jan 40
Size applicator cuts costs.....Aug 38
Traveling cleaner .....Feb 39

Textile Processing
Dacron-wool blends dyed in one-step process .....Aug 19
Mechanization comes to silk-screen printing .....May 36
Mill extends sample tricot designs .....May 31
New sizing agent available.....Feb 42
Package dyeing replaces skein dyeing .....Mar 17
Raincoat for fibers.....June 40
Rugs that stay cleaner.....Jan 36
Shrinkproofing process .....June 31
Uses for polyester film.....May 33

Textiles
Boosts Japan's acetate-fiber production .....Jan 18
Cellulose for better rayons.....Aug 40
Cotton-nylon blends .....July 29
Foam-backed fabric .....June 51
Latex-sized denim .....Feb 26
Mill developments .....Nov 28
New in fibers.....Sept 31
News about fibers.....Apr 18
New unwoven fabric.....June 9
Sheer marquisette curtains of Fiberglas .....June 31
Soil-resistant carpet staple.....Feb 25
Synthetic-fiber outlook .....Dec 46
Synthetics in new fields.....Mar 22
Textile briefs .....Dec 33

Tools
Electric impact tool.....Apr 47
Hydraulic tree wedge.....Feb 42
Nail hammer .....June 51
New bench grinder.....July 34
New-design cutting tool.....June 19
New tooling ideas.....July 26
No slip, no blister.....Apr 43
Portable band saw.....July 35
Portable radial saw.....Aug 41
Propane torch .....Jan 40
Quick-change safety vise.....Mar 37
Radial arm saw.....Dec 40
Special pliers speed electronic assembly .....Feb 19
Wraps terminal wire.....Jan 40

Transportation
Atomic locomotive coming.....Apr 49
Barge moves gas.....June 35
Biggest locomotive .....Nov 34
Biggest truck .....May 33
Bottom loading cuts evaporation.Mar 18
Bright, readable signs.....Mar 45
Build superhighway over railroad Jan 19
Centered-cab truck handles long lengths .....Nov 41
Flat car hauls two truck trailers Feb 18
Gyrobus .....Sept 31
High-pressure steam-storage shunting locomotive .....Oct 47
Hourglass axle bearings.....Mar 23
How to travel by road or rail...Feb 21
Italian commuter or long-haul train .....May 38
Los Angeles may build monorail railroad .....June 36
Moving pedestrian walks.....Aug 7
New look for air freight.....Mar 13
New train has unusual design..June 27
New truck adds power.....Nov 42
Oil tank trucks bottom-loaded...Dec 36
Pay-as-you-go travel .....Oct 7
Power take-off shaft.....Feb 43
Snow, swamp and desert bow to Sno-Buggy .....Oct 49
Special truck hauls steel ingots..Feb 19
Traction motor .....Dec 42
Truck-trailer vessels for coastwise shipping .....July 22
World's first "Speedwalk".....Aug 19

U

Ultrasonics
Ultrasonic fluxless soldering....Nov 30
Ultrasonics drill well.....Sept 22
Ultrasonics find flaws.....Feb 18
Ultrasonics plus X-ray.....Dec 46

W

Water
Conditions water.....May 47
Desalts sea water.....July 45
New water softener ends batch operation .....July 35

Welding
Dual-purpose welder doubles door output .....Dec 23
Faster aluminum welding.....June 35
Fixture speeds welding.....Jan 33
Hardfacing inside pipe.....Nov 29
Hot radiography process for welding .....June 44
Increased use of welding.....July 39
Magnetic-flux welding .....May 30
Make your welding safe.....Aug 37
Mig welder .....May 47
New method of replacing water pipes .....June 9
Pipe welding saves time and money .....Apr 33
Projection welder .....Jan 40
Slag-gas-shielded arc welding...Oct 33
Step up welding speed.....Mar 19
Three-headed welder joins cylinders .....Dec 36
Welder-power plant .....June 51
Welding process gives high speed Dec 39
